Independent Auditors' Report

Board of Directors Louisiana Beef Industry Council State of Louisiana Baton Rouge, Louisiana

We have audited the accompanying basic financial statements of the Louisiana Beef Industry Council, a component unit of the State of Louisiana, as of June 30, 2011, as listed in the table of contents. These basic financial statements are the responsibility of the Louisiana Beef Industry Council's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the Louisiana Governmental Audit Guide, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we pian and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. And audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Louisiana Beef Industry Council as of June 30, 2011, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated August 30, 2011, on our consideration of the Louisiana Beef Industry Council's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance nada the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of expressing an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules and the Division of Administration reporting package listed in the table of contents are presented for purposes of additional analysis and not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Louisiana Beef Industry Council has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is required to supplement, although not required to be part of the basic financial statements.

(1) Summary of Significant Accounting Policies

(a) Introduction

The Louisiana Beef Industry Council (The Council) is a component unit of the State of Louisiana created within the Louisiana Department of Agriculture, as provided by Louisiana Revised Statues (LSA-R.S) 2:2051. The Council consists of eleven members, whom are the commissioner of agriculture, the president of the Louisiana Cattlemen's Association and nine cattle producers. Five cattle producers are, appointed by the executive committee of the Louisiana Cattlemen's Association, one representative of the Louisiana Livestock Auction Markets Association, and three representatives of the Louisiana Farm Bureau Federation. The Commissioner of Agriculture serves as an ex-officio member of the Council. The members serve three-year terms with no member serving more than two consecutive terms. The Council is charged with the responsibility of helping develop, maintain and expand the state, national and foreign markets for cattle and beef productions produced, processed, or manufactured in this state, and to permit the cattle production and feeding industry of this state to contribute to the development and sustenance of Louisiana and Nationally coordinated programs of product improvement. Operations of the Council are funded by an assessment levied on Louisiana cattle marketed within or outside of the state. The assessment revenues are established by the Federal Beef Promotion and Research Act No. 24 of 2009, of the Louisiana Legislature.

(b) Basis of Presentation

The accompanying general purpose financial statements of the Council have been prepared in conformity with accounting principles generally accepted in the United States as applied to governmental units. Application of GAAP often requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

(c) Reporting Entity

Section 2100 of the GASB Codification of Governmental Accounting an Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included in the reporting entity. In conformance with GASB Codification Section 2100, this entity is a component unit of the State of Louisiana because the Council is not legally separate and the state holds the Council's corporate powers. The accompanying basic financial statements present only the transactions of the Louisiana Beef Industry Council, a component unit of the State of Louisiana.

Notes to Financial Statements

June 30, 2011

(1) Summary of Significant Accounting Policies

(d) Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

(e) Cash, Cash Equivalents and Certificates of Deposit

Cash and cash equivalents include amounts in demand deposits and certificate of deposits with a maturity of three months or less when purchased. Under State law, the Council may deposit funds in a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. Furthermore, the Council may invest in certificates of deposit of State banks organized under Louisiana law and national banks having their principal offices in Louisiana.

(f) Capital Assets

Capital assets are recorded at cost, if purchased or constructed. Assets acquired through contributions are capitalized at their estimate fair value, if available, or at estimated fair value or cost to construct at the date of the contribution. Assets are depreciated using the straight-line method over the useful lives of the assets as followings:

Office furniture Equipment 5 - 7 years 5 - 10 years

(g) Revenues and Expenses

Revenues and expenses are recorded on the accrual basis of accounting. Operating revenues and expenses include income and expenditures related to the continuing operation of the Council. Principal operating revenues are federal assessments established in accordance with the Federal Beef Promotion and Research Act of 2009 on all Louisiana cattle purchased or sold within or outside of Louisiana and a state assessment on all cattle marketed within or outside Louisiana. The Cattlemen's Beef Promotion and Research Board receives \$0.50 of the federal assessments. These distributions are deducted from the federal assessments on the Statement of Revenues, Expenses and Changes in Fund Net Assets. Principal operating expenses are the costs of providing services and include administrative expenses. Other revenues and expense are classified as non-operating in the financial statements. Using the accrual method of accounting, the revenues for assessments are recorded in the Statement of Revenue, Expenses, and Changes in Fund Net assets as earned. Expenses are recorded as they are incurred.

Notes to Financial Statements

June 30, 2011

(1) Summary of Significant Accounting Policies

(h) General and Administrative Expenses

The Board has entered into an General and Administrative Services Agreement with the Louisiana Cattlemen's Association (LCA) whereby LCA will provide certain general administrative services to the Board in return for reimbursement of all direct and indirect cost related to the provided services. During 2010, the Board paid LCA \$130,000 for services related to this agreement.

(i) Encumbrances

Encumbrance accounting is used to record purchase orders as they are incurred to reserve that portion of the application appropriation. This method of accounting is not employed.

(j) Statement of Cash Flows

The statement of cash flows is prepared using the direct method. For purposes of this statement, the Board considers all highly liquid investments with a maturity of three months or less when purchased as a cash equivalent.

(k) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(2) Deposits with Financial Institutions

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance at all times equals the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts.

The deposits at June 30, 2011 consist of the following:

•	<u>Cash</u>	Certificates of Deposit	<u>Total</u>
Book balance of bank accounts	\$ <u>296,918</u>	<u>203,908</u>	500,826
Deposits in bank accounts per bank	\$ <u>313,080</u>	203,908	<u>516,988</u>

Notes to Financial Statements

June 30, 2011

(2) Deposits with Financial Institutions

The Council's deposits were not exposed to custodial credit risk as all balances were either covered by deposit insurance or pledged securities. The following is a breakdown by banking institution and amount of the "Deposits in bank accounts per bank" balances shown previously:

Banking Institution	4	<u>Amount</u>
Plaquemine Bank & Trust Company – transaction accounts Plaquemine Bank & Trust Company – money market account Plaquemine Bank & Trust Company – certificate of deposit	\$ _	115,821 197,259 203,908
Total	\$	516,988

(3) Litigation and Claims

According to the Council, there is no litigation pending, or claim, against The Council which has the probability of a material adverse affect on The Council's statement of net assets as of June 30, 2011.

(4) Council Members Per Diem

The Council members do not receive a per diem for attending board meetings.

(5) Prior Period Adjustment

During 2011, the Board determined that the year end adjustments that had been made in the prior fiscal year to record accounts receivable and a portion of accounts payable were calculated using incorrect data. As a result of this error, accounts receivable and assessment revenue was overstated by \$28,899 and accounts payable and CBPRB Remittances were overstated by \$9,752 as of and for the year ended June 30, 2010. The correction of these misstatements increases net assets by \$19,147.

(6) Evaluation of Subsequent Events

The Council has evaluated subsequent events through August 30, 2011, the date which the financial statements were available to be issued.

INTRODUCTION

The Louisiana Beef Industry Council (The Council) is a component unit of the State of Louisiana created within the Louisiana Department of Agriculture, as provided by Louisiana Revised Statues (LSA-R.S) 2:2051. The Council consists of eleven members, whom are the commissioner of agriculture, the president of the Louisiana Cattlemen's Association and nine cattle producers. Five cattle producers are, appointed by the executive committee of the Louisiana Cattlemen's Association, one representative of the Louisiana Livestock Auction Markets Association, and three representatives of the Louisiana Farm Bureau Federation. The commissioner of Agriculture serves as an ex-officio member of the Council. The members serve three-year terms with no member serving more than two consecutive terms. The Council is charged with the responsibility of helping develop, maintain and expand the state, national and foreign markets for cattle and beef productions produced, processed, or manufactured in this state, and to permit the cattle production and feeding industry of this state to contribute to the development and sustenance of Louisiana and Nationally coordinated programs of product improvement. Operations of the Council are funded by an assessment levied on Louisiana cattle marketed within or outside of the state. The assessment revenues are established by the Federal Beef Promotion and Research Act No. 24 of 2009, of the Louisiana Legislature.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of the Louisiana Beef Industry Council present information only as to the transactions of the programs of the Board as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Louisiana Beef Industry Council are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Louisiana Beef Industry Council are annual lapsing appropriations.

- 1. The budgetary process is an annual appropriation valid for one year.
- 2. The agency is prohibited by statute from over expending the categories established in the budget.
- 3. Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
- 4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

	APPR	OPRIATIONS
Original approved budget	\$	570,000
Amendments:		 .
Final approved budget	<u> </u>	570,000

C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (If all agency cash and investments are deposited in the State Treasury, disregard Note C.) See Appendix C for information related to Note C.

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana Beef Industry Council may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Louisiana Beef Industry Council may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows and balance sheet presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2011, consisted of the following:

		Cash	Nonnegotiable Certificates of Deposit	Other (Describe)	Total
Deposits per Balance Sheet (Reconciled bank				· · · · · · · · · · · · · · · · · · ·	
balance)	\$_	296,918 \$	203,908 \$	<u>-</u> \$_	500,826

The following adjustments were made to restate beginning net assets for June 30, 2011.

	Ending net assets 6/30/10 as reported to OSRAP on PY AFR	*Adjustments to ending net assets 6/30/10 (after AFR was submitted to OSRAP) + or (-)	Restatements (Adjustments to beg, Balance 7/1/10) + or (-)		Beginet assets @7/1/10 as restated
\$_	476,983	\$	19,147	\$ <u> </u>	496,130
_		 		_	
_		 	<u> </u>	_	
_		 		_	
_		 		_	

^{*}Include all audit adjustments accepted by the agency or entity.

Each adjustment must be explained in detail on a separate sheet.

EXPLANATION OF RESTATEMENT OF NET ASSETS – During 2011, the Board determined that the year end adjustments that had been made in the prior fiscal year to record accounts receivable and a portion of accounts payable were calculated using incorrect data. As a result of this error, accounts receivable and assessment revenue was overstated by \$28,899 and accounts payable and CBPRB Remittances were overstated by \$9,752 as of and for the year ended June 30, 2010. The correction of these misstatements increases net assets by \$19,147.

BB. NET ASSETS RESTRICTED BY ENABLING LEGISLATION (GASB 46) – NOT APPLICABLE

- CC. IMPAIRMENT OF CAPITAL ASSETS & INSURANCE RECOVERIES NOT APPLICABLE
- DD. EMPLOYEE TERMINATION BENEFITS NOT APPLICABLE
- EE. POLLUTION REMEDIATION OBLIGATIONS NOT APPLICABLE
- FF. AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA) NOT APPLICABLE

REPORT ON COMPLIANCE WITH THE FEDERAL BEEF PROMOTION AND RESEARCH ACT OF 1985, THE BEEF PROMOTION AND RESEARCH ORDER AND THE AGRIGULTURAL MARKETING SERVICES INVESTMENT POLICY; BASED ON AN AUDIT PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Louisiana Beef Industry Council
Department of Agriculture
State of Louisiana
Port Allen, Louisiana

We have audited the basic financial statements of the Louisiana Beef Industry Council, a component unit of the State of Louisiana, as of and for the year ended June 30, 2011, and have issued our report dated August 30, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of American and the standards applicable to financial audit contained in Government Auditing Standards, issued by the Comptroller General of the United States.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

Compliance with the Federal Beef Promotion and Research Act of 1985, and the Beef Promotion and Research Order (the "Order") and the agriculture marketing services investment policy is the responsibility of the Louisiana Beef Industry Council's management. As part of our audit, we assess the risk that noncompliance with the Act and the Order as explained above, could cause the financial statements to be materially misstated. We concluded that the risk of such material misstatement was sufficiently low that it was not necessary to perform test of the Louisiana Beef Industry Council's compliance with the Act and the Order.

However, in connection with our audit, nothing came to our attention that caused us to believe that the Louisiana Beef Industry Council has not complied, in all material respects, with the provision of the Order relative to the use of funds collected by the Council insofar as they relate to accounting matters.

Further, nothing came to our attention that caused us to believe the Council was not in compliance with the provisions of the Beef Board Investment Policy for Qualified State Beef Councils Date February 1, 2006, which describes the type of instruments in which the Council may invest. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

This report is intended for the information of the Council and Legislative Auditor's Office and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Griffin & Company, LLC

August 30, 2011

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Louisiana Beef Industry Council State of Louisiana Port Allen, Louisiana

We have audited the basic financial statements of the Louisiana Beef Industry Council, a component unit of the State of Louisiana, as of and for the year ended June 30, 2011, and have issued our report dated August 30, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of American and the standards applicable to financial audit contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Louisiana Beef Industry Council's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weakness and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies internal control over financial reporting that we consider to be material weaknesses, as defined above.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Council's internal control to be a significant deficiency:

As is common in small organizations, management has chosen to engage the auditor to propose certain year-end adjusting entries and to prepare the Council's annual financial statements. This condition is intentional by management based upon the cost effectiveness of acquiring the ability to prepare financial statements in accordance with generally accepted accounting principles. Consistent with this decision, internal controls over the preparation of year-end adjusting entries and annual financial statements, complete with notes, in accordance with generally accepted accounting principles, have not been established. Under generally accepted auditing standards, this condition represents a significant deficiency in internal controls. Statement on Auditing Standards (SAS) 115 requires that we report the above condition as a control deficiency. The SAS does not provide exceptions to reporting deficiencies that are adequately mitigated with nonaudit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Louisiana Beef Industry Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Louisiana Beef Industry Council, management and the Louisiana State Legislative Auditor and is not intended to be, and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Findings and Management Corrective Action Plan

June 30, 2011

Summary of Audit Results:

- 1. Type of Report Issued Unqualified
- 2. Internal Control Over Financial Reporting
 - a. Significant Deficiencies Yes (2011-1)
 - b. Material Weaknesses No
- 3. Compliance and Other Matters No
- 4. Management Letter No

Finding 2011-1:

Criteria:

Management is responsible for developing internal controls related to the preparation of financial statements as well as preparing financial statements in accordance with accounting principles generally accepted in the United States of America.

Condition & Cause:

As is common in small organizations, management has chosen to engage the auditor to propose certain year-end adjusting entries and to prepare the Board's annual financial statements. This condition is intentional by management based upon the cost effectiveness of acquiring the ability to prepare financial statements in accordance with generally accepted accounting principles. Consistent with this decision, internal controls over the preparation of year-end adjusting entries and annual financial statements, complete with notes, in accordance with generally accepted accounting principles, have not been established. Under generally accepted auditing standards, this condition represents a significant deficiency in internal controls. Statement on Auditing Standards (SAS) 115 requires that we report the above condition as a control deficiency. The SAS does not provide exceptions to reporting deficiencies that are adequately mitigated with nonaudit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

Recommendation:

As mentioned above, whether or not it would be cost effective to cure a control deficiency is not a factor in applying SAS 115's reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies an auditor reports under SAS 115. In this case we do not believe that curing the significant deficiency described above would be cost effective or practical and accordingly do not believe any corrective action is necessary.

Management Corrective Action Plan:

In response to the finding, management feels that it is a prudent use of funds to engage the auditor to prepare The Council's annual financial reports. We therefore agree with the auditors' recommendation that no correction action is necessary.
